Marlene H. Dortch, Secretary
Federal Communications Commission
44 12th Street, SW
Washington, DC 20554

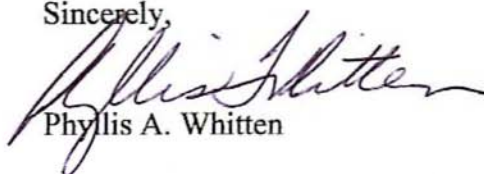

Dear Secretary Dortch:

Transmitted herewith on behalf of Pine Belt Cellular, Inc. ("Pine Belt") is an Annual Compliance Report ("Report") containing the information required by Section 54.209 of the Commission's Rules. Pine Belt has been designated by the Commission as an Eligible Telecommunications Carrier. This Report also has been transmitted to USAC.

This Report was due on October 1, 2007. The delay in filing was caused by an inadvertent calendaring error by Pine Belt's outside accounting firm. Therefore, this filing is accompanied by a Petition for Waiver filed with the Commission today.

Please contact me if you have questions. Thank you for your assistance.

Sincerely,

Phyllis A. Whitten

Enclosure

For the period July 1, 2006 through June 30, 2007 Pine Belt Cellular, Inc. ("Pine Belt") undertook the following network improvement projects

1. Constructed base stations at Pennington and Lisman, Alabama
2. Added ground mounted amplifiers at two repeater sites
3. Reconfigured a third repeater site to include a second set of electronics and additional lines and antennae.

Pine Belt invested \$398,008 in infrastructure while carrying out these network improvement projects. During this same period Pine Belt received \$172,086 in High Cost and IAS from the Universal Service Fund of which \$98,176 was associated with Waiver true-ups from prior periods.

Figure 1 below illustrates Pine Belt's modeled coverage from existing infrastructure as of June 30, 2007.

- ***Outages Potentially Affecting a 911 Special Facility***

Start Date	Start Time	End Date	End Time	Facility	Reason
5/5/2007	11:00	5/6/2007	14:00	TG 611	Choctaw County 911 trunks, ILEC (Butler TelCo) made a network change and overlooked some cross connects in their CO causing the trunks to go out of service. It should be noted that Choctaw County is not included in the company's designated CETC area. However because of the importance of 911 services the company has elected to report this outage.

- ***Actions taken to mitigate future occurrences include:***

- Regularly scheduled inspections of network critical components, including but not limited to line sweeps, power calibrations, and ground field audits;
- Periodic reviews of all in preventive maintenance activities looking for indications of impending equipment failures;
- Requests for priority treatment from supporting utilities and deployment of portable standby power generation equipment if necessary;
- Coordination with ILEC

III. Unfulfilled Service Request

Pine Belt has 2 pending requests for service in the area in which it holds ETC designation from the past year. Pine Belt is evaluating which of the six prescribed methods for extending coverage, if any, can be used to provide the requested service in a reasonable amount of time and at a reasonable cost.

IV. Complaints per 1,000 Handsets or Lines

Pine Belt averages 2 quality-of-service related complaints per 1000 handsets per annum in the areas in which it has ETC status.

V. Certification

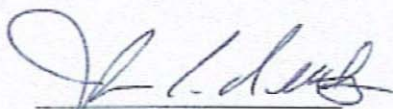

Pine Belt Cellular, Inc. certifies that;

- a) it is complying with the applicable service quality standards and consumer protection rules;
- b) it is able to function in emergency situations as set forth in Section 54.201(a)(2) of the Commission's Rules;
- c) it is offering a local usage plan comparable to that offered by the incumbent LEC in the relevant service areas; and
- d) it acknowledges that the Commission may require it to provide equal access to long distance carriers in the event that no other eligible telecommunications carrier is providing equal access within the service area.

Declaration of John C. Nettles
